

NEW!

INTRODUCING THE SMART-FOOD GLOVE

- Features a large fish scale grip to provide a cupping effect on surfaces, enabling good traction on wet and oily surfaces.
- 3D triangle diamond pattern delivers superior grip on most contact surfaces.
- Provides smooth donning and extra comfort to the users when completing their task.
- Excellent flexibility allows use on either hand as patterns are embossed on both sides.
- Extended length increases level of protection for heavy duty tasks.
- Meets and complies with food safety regulations and standards.
